

Participation Pathways

Project Committee

Central staff meets monthly to guide the work and bring District-wide perspectives on the process

One-to-One Conversations

Trustees and senior staff will hold authentic, personal conversations with the community to understand their priorities

How?

Participants sign up for virtual or in-person chats

When?

December 2022 - January 2023

Small Group Conversations

Building on established relationships, advisory committees and student groups will have an opportunity for in-depth conversation

How?

Using a prepared toolkit during scheduled meeting time

When?

December 2022- February 2023

Public Gatherings

Larger scale conversations are designed for listening and building connections.

How?

The community is invited to meet and share experiences and perspectives with system leaders at a special event

When?

January 12: Ottawa Technical SS
January 19: Bell HS
February 2: Virtual

Online Conversations

There will be an opportunity to provide voice and share insights in an online format, and to learn from others.

How?

Participants share thoughts anonymously, in their language of choice, at a time convenient for them

When?

Over a two-week period, mid-late January 2023

Trustee Leadership

Trustees will play an active role in each component of the consultation, which will allow them to use what they hear and learn to inform the development of the strategic plan.

Collaborative Plan Development

Informed by the consultation and environmental scan, Trustees and staff will build a plan that reflects the needs and priorities of the community, by April 2023.

Draft Plan for Consultation (April-May 2023)
Final Plan for Approval and Launch (June 2023)
