Summary of main points for the issue/ concern:

Choice of Masking in OCDSB schools.

This meeting is to discuss mask mandates in schools. I oppose such mandates. adults every where are given the choice, we must not take that choice away from our children.

Recommendation(s) for resolution of issue:

People who feel the need to mask, can tell their kids to do this and do that themselves.
send sick kids home! the sick will be best served resting in bed.
