DISTRICT SCHOOL BOARD

Summary of main points for the issue/ concern:

Anti-Palestinian racism has been an issue within the OCDSB since I was a student from 1992- 2004 and youth today are still being subjected to this.

I would like to share with you examples of this happening in OCDSB schools today that your students have brought to my attention.

Recommendation(s) for resolution of issue:

The immediate adoption of the working definition of anti-Palestinian racism drafted by the Arab Canadian Lawyers' Association by the OCSDB board of trustees (p11)
