

OTTAWA-CARLETON
DISTRICT SCHOOL BOARD

Delegation

Name: Wenser Estime

Summary of main points for the issue/ concern:

Re: The elimination of the School Resource Officer Program.

Our school communities are dynamic and culturally rich. Our diversity, common values, beliefs, and basic principles of openness, caring and listening to each other, fairness, and openness should remain the key pillars that support and help define the kind of interactions we, as students, parents, families, teachers, school staff, and extended contributors (like our emergency responders), should continue to have on our schools premises to better serve and protect the health and safety our kids and school staff.

Thus, our policy development and implementation processes should be evergreen, evidence-based, opened, and regularly re-assessed.

Recommendation(s) for resolution of issue:

The Committee passes the motion moved by the Trustee for Barrhaven Ward 3, Donna Blackburn.
