Summary of main points for the issue/ concern:

Report 23-048, Riverside South Attendance Boundary

I am the parent of two children that attend Farley Mowat P.S. I would like consideration for the families of existing children to have a choice to continue their attendance at Farley Mowat P.S. even if they would fall under the Steve Maclean catchment after the shuffle of 2025 caused by the new Riverside South High School.

Please see the attached schedule for an illustration of what this may look like.

This would serve to not only accommodate students and parents, but may also serve to spread the shift in student numbers shown below:
