Waitlists are fluid and maintained at a school level using a multidisciplinary team approach to prioritize students based on need. A range of supports and services are available to address student needs while waiting for formal assessment.

Central data for students waiting for speech-language pathology, psychology or educational assessments as of June, 2023, as follows:

Table 3: Professional Assessment Waitlist Data

Assessment type	# of students waiting	Average wait time**
Educational Assessment	445	2.7 months
Psycho-educational Assessment	457	5.5 months
Speech-Language Pathology Assessment	218	2 months

*Educational Assessments in the OCDSB are most often completed by Learning Support Teachers (LSTs)

**Methods for central data collection with respect to wait time are limited and are subject to variability between school sites.
