APPENDIX A: POLICY DEFINITIONS

In this policy,

Board means the Board of Trustees.

Challenge means the process whereby students' prior learning is assessed for the purpose of granting credit for a Grade 11, or 12 course developed from a provincial curriculum policy document published in 2000 or later.

Credits: Challenge for credit for courses based on provincial curriculum policy documents will be available to students only in courses that are actually taught in classrooms operated by the Board. All credits granted through the PLAR process — that is, through either the individual assessment, challenge process or the equivalency process — must represent the same standards of achievement as credits granted to students who have taken the courses. The maximum number of credits that can be obtained from the PLAR process is twenty-six. A maximum of sixteen credits for grades 9 or 10 either through equivalency or individual assessment and a maximum of ten credits for grades 11 and 12 either through equivalency or challenge. Each student must earn the last four credits one of which must be ENG4C or ENG4E or ENG4U or OLC4O. No substitution is permitted.

District means the Ottawa-Carleton District School Board.

Equivalency is the process of assessing credentials from other jurisdictions, workplace and other institutions of learning and may involve individual assessment for the purpose of granting credits.

Mature Student is a student who is at least 18 years of age on or before December 31st of the school year, has been out of school for a period of at least one year and is enrolled in a secondary school credit program for the purpose of obtaining an OSSD. Effective February 1, 2004, mature students who enrolled in a secondary school after September 1999 (OSS) are governed by this policy. Mature students from outside of Ontario are governed by this policy. Mature students who enrolled in a secondary school prior to 1999 in Ontario may choose to be governed by this policy. means a student who is at least 18 years of age on or after January 1st of the current school year and who is enrolled in a program for the purpose of obtaining an Ontario Secondary School Diploma (OSSD).

Prior Learning Assessment and Recognition (PLAR) is the formal evaluation and credit-granting process whereby mature students may obtain credits for prior learning. Prior learning includes the knowledge and skills that students have acquired, in both formal and informal ways, outside secondary school. Students may have their knowledge and skills evaluated against the expectations outlined in provincial curriculum policy documents in order to earn credits towards the secondary school diploma. For mature students the PLAR process may involve two components for each of: grades 9, 10, and grades 11, 12. For grades 9, 10 the two components are individual assessment and/or equivalency. For grades 11 and 12 the two components are equivalency and/or challenge.

Reasonable Evidence means documentation presented to the principal that the curriculum expectations of the course have already been achieved for the purpose of equivalency or challenge.
