**1.0 RATIONALE**

This policy was developed in support of legislative requirements under subsections 191.2 of the *Education Act* which authorizes the Board to develop policies:

- 1.1 To provide Board members and student trustees with resources to enable them to fulfill their corporate and constituency responsibilities.
- 1.2 To enable Board members and student trustees to claim reasonable expenses he/she incurred while carrying out *their* duties as a member of the Board for such items as professional development, communications, office supplies and services, hospitality and business travel.

**2.0 POLICY**

- 2.1 Board members and student trustees shall be provided with reasonable levels of staff support through Board Services for handling correspondence; preparing notices of motions or recommendations to the Board and/or its committees; research into previous Board discussions, positions or resolutions; making arrangements for travel on Board business or for purposes of professional development; small-scale photocopying and postal services; and any other reasonable support to enable them to carry out their normal duties and responsibilities as Board members and student trustees.
  - a) Staff research in support of proposed notices of motions or recommendations is limited to materials already on file, except as the Board may otherwise direct.
  - b) Surveys or communications to be distributed via students or staff shall only be undertaken under approved procedures, and not on behalf of individual Board members or student trustees.

- 2.2 The Board shall set aside annually a budget allocation for each member of the Board and student trustee to cover expenses incurred by the member while carrying out his/her duties as a member of the Board. This amount shall be equal for each member of the Board and student trustee.
- 2.3 Each Board member and student trustee shall have the discretion to use these funds to cover the reasonable costs of professional development, constituency communications, business travel, office supplies, business services and hospitality expenses incurred by the member while carrying out his or her duties as an elected representative.
- 2.4 Costs incurred by a Board member or student trustee for mileage, taxi, parking and for long distance shall be charged against a central account and not against the individual Board member allocation.
- 2.5 Board members and student trustees who attend conferences, annual general meetings, meetings of other organizations, etc., as appointed representatives on behalf of the Board or representing the Board Chair shall have their expenses reimbursed centrally and not charged against individual Board member or student trustee expense allocations.
- 2.6 Where a trustee sits as a Director of OPSBA or where a student trustee sits as a Director of OSTA-AECO, travel to a Director's meeting or to the Annual General Meeting of OPSBA or OSTA-AECO will be considered as travel on official Board business and not charged to the individual Board member or student trustee account.
- 2.7 Board members and student trustees must submit an expense claim or original invoice in order to be reimbursed for any expenses incurred. Expense claims and original invoices must be submitted in the budget year the expense was incurred in accordance with the financial reporting requirements of the Board.
- 2.8 The Chair of the Board, or designate, and the Manager of Board Services shall certify that the individual trustee, student trustee, and Director of Education's expense claims meet the requirements of board policy and authorize the payment of the claim.
- 2.9 If there is a dispute about the eligibility of an expense, a member may appeal the decision through a Notice of Motion to the Audit Committee, outlining the issue, reasons for the expense, and the basis for the appeal.
- 2.10 The Chief Financial Officer shall certify the Chair of the Board's expense claim meets the requirements of board policy to the Director of Education, and the Director of Education shall recommend for payment.
- 2.11 The Chair of the Board, or designate and the Director of Education, or designate shall certify all expenses incurred under the Board Development Fund.

- 2.12 With the approval of the Board, any deficits resulting from expenditures which exceed individual Board member allocation under this policy may be carried forward and deducted from the individual trustee budget of the following school year. Notwithstanding the above, in the last year of the term of office, the Board member shall repay any deficit that remains.
- 2.13 The Board may authorize, before 31 August in any year, the carryforward of unspent funds, not to exceed \$2,500, in Board members' individual accounts under this policy upon submission of written requests from individual trustees outlining the rationale for such carryforward, save that, in an election year, any such funds carried forward must be used prior to the end of the Board's term of office. Student trustees are not able to incur a deficit and are not eligible to carry forward budget funds.
- 2.14 In the fall of each year, a report detailing the expenses charged against Board member and student trustee accounts in the preceding fiscal year shall be filed with the Board in open public session for each member of the Board, and for the Board Development Fund. Such reports shall clearly identify the nature of the expenses and the total amount spent.
- 2.15 Board members and student trustees shall be provided on request with such additional office equipment (computer, printer) and office furnishings in accordance with Board standards as may reasonably be required to enable them to carry out their normal duties and responsibilities from a home office.
- 2.16 The costs of office equipment shall be funded centrally and not from the individual Board member account, except that where the equipment exceeds the standard board issue, the costs differential between the standard board issue and the equipment requested will be funded through the individual budget allocation.
- 2.17 Board members and student trustees shall be reimbursed at the approved mileage rate for travel within the area of jurisdiction of the Ottawa-Carleton District School Board to attend meetings of the Board or its committees or related activities, to visit schools and/or to attend meetings with school councils, or to attend to similar constituency affairs. Additional expenses associated with such travel shall also be reimbursed within approved levels and in accordance with the relevant Board policies.
- 2.18 For the fiscal year in which a municipal election occurs, funding available for individual Board members and for the Board Development Fund shall be pro-rated for the period from 1 September to the end of the Board's term of office, (14 November) and from the beginning of the new Board's term of office to 31 August of the following year ( 15 November);

- 2.19 Any furnishings and equipment provided under this policy remain the property of the Board, to be returned at the end of the member's or student trustee's term or terms of office. Board members wishing to purchase such furnishings and/or equipment would be charged the fair market value costs as determined by the Director of Education.
- 2.20 Board members and student trustees shall not use their individual budget allocations to cover expenses such as legal fees, accounting fees, insurance premiums or other administrative or professional fees or expenses for personal or business services related to the business of the Board.
- 2.21 Any Board member or student trustee having specific accommodation needs to carry out their duties may charge associated costs to meet those needs to the Board's central account.
- 2.22 No expenses related to a municipal or student election campaign or any electoral costs shall be charged to any Board account.
- 2.23 Board members and student trustees shall not donate funds or gifts from their individual budget allocations to community groups, charities, schools, school councils, political campaigns or political parties.
- 2.24 The Director of Education is authorized to issue such procedures as may be necessary to implement this policy.
