

OTTAWA-CARLETON  
DISTRICT SCHOOL BOARD

## Delegation 5.1.21

---

**Name: Crofton Steers**

**Brief summary of issue or topic of discussion:**

I am a parent of two young girls in an alternative school. The recent elementary school program review is calling for the removal of the alternative program. I would like a few minutes to discuss how important this school system has been for my daughters and strengthening their sense of community. I would also like to inquire about the rationale behind the program' s potential dissolution.
