

OTTAWA-CARLETON
DISTRICT SCHOOL BOARD

Delegation 6.17.g

Name: Mark Radley

Brief summary of issue or topic of discussion:

As a co-chair of the CHEO School Parent Council, I represent the families and children attending CHEO School, a two-year kindergarten program that serves 34 families and provides an intensive, therapy-integrated education for children with complex and multiple disabilities. Each year, approximately half of the students from CHEO School will graduate from the kindergarten program and work with a School Liaison to plan for school transition to grade 1.

Our community is opposed to the changes being proposed as part of the Elementary School Review. I will discuss the threat that these proposed changes make to the well-being and future of our children.
