REPORTING AND MONITORING

Opportunities for improving internal control may be identified during audits. A written report will be issued by the Regional Internal Audit Manager at the conclusion of each audit and will be distributed according to the school board's requirements. (This could include the head of the audited activity or department, the director of education, the audit committee and the external auditor of the district school board.)

Each report will describe opportunities to strengthen district school board risk, internal control and governance processes and conclude on the adequacy and effectiveness of the processes. The district school board management will provide action plans and timelines to address each opportunity (observation). The regional internal audit team is responsible to perform appropriate follow-up procedures to attest to the completion of action plans. Significant observations will remain in an open issue status until cleared.
