¹ In a small number of cases a referral review committee may recommend that a referral be considered for another type of specialized program class. With parent/guardian permission, the referral is officially passed to another committee.

² This figure represents all students IPRC'd to a specific specialized program class for the 2019-2020 school year by 28 June 2019 and includes new placements and students returning for a subsequent placement in a specialized program class. May represent a slight underestimate as some student IPRCs will occur in September.

³ Referrals for secondary Gifted are not reviewed centrally, (e.g., school based review). Waitlists do not apply as the specialized program class capacity changes to meet demand.
