Summary of issue/concern: *

I wanted to share my concerns with you about forced masking because it doesn't seem like anyone at the school has any interest in fighting for the rights of our kids, who are being both abused and tortured by this practice.

Masking is dangerous and detrimental to our kids health. It will continue to cause problems for them - physically, behaviorally and psychologically. There is virtually zero evidence that masking stops the viruses as small as the one that causes COVID and virtually zero evidence that school transmission is a major vector of disease. Kids are essentially undeterred and unaffected by the virus that causes COVID and leading a sterile existence today will mean big problems in the future.

This needs to end and I'm not sure if you, or who above you, is making these specific rules for our kids at school. To mask indoors is ridiculous enough, and to force them to mask outdoors is utterly absurd.

Please let me know who is pushing these heinous rules on our kids, normalizing the culture of forced face covering for the benefit and protection of irrational, fearful adults.

It needs to change.

Recommendation(s) for resolution of issue: *

End masking for children outdoors immediately

End masking for children indoors shortly thereafter.

Prioritize teachers to receive vaccines immediately.
